

March 2018

Game Day

We're looking for more players for our Monday afternoon Game Days at 1:00pm. If you are interested in playing Scrabble, Yahtzee, card games, or something else, call the rental office to let us know. We will try to put together a table for you with other residents with the same interests. If you already have a group that you would like to bring here to play, that's fine too....Non-Residents are welcome!

Fitness Center Code Change

Effective Monday, March 5th at 9:00am we will be changing the code to the Fitness Center. If you are a registered user, please call the Rental Office for the new code. If you haven't used the Fitness Center before, come to the Rental Office to sign a release and get the new code.

Reminders...

- We all get forgetful at times. Can you believe a resident at one of our sister properties left his apartment with a pot cooking on the stove? This resulted in a visit from the fire company and a loss of personal belongings. Please remember, never leave your stove or oven unattended.

- Spring arrives this month and with it more wildlife will be seen around our community. Please do not put out any food for wild animals. This practice will attract unwanted visitors such as skunks, possums and mice.

Thank you for your cooperation!
